FOREWORD

We submit our 1959-1960 list to you with deep appreciation and sincere thanks to our many customers who have afforded us the opportunity to serve them in the past. The many kind and generous expressions of satisfaction sent us as to quality and condition of our plants when shipped have made the growing and shipping of *hemerocallis* a genuine pleasure.

Our gardens are open the year round. We are happy to have visitors at any time, especially during blooming season — March to November. Many of the newest introductions being grown here will be listed as soon as stock permits.

1959-1960 FEATURE

GOLDEN MASTERPIECE (McLeod) Large Dandelion yellow with tint of Goldenglow on ruffled petals, sepals recurving with slight twist. Truly outstanding in the garden. 36" to 40". Evergreen. Remains open 16 hours or longer. \$15.00
